GAGAN BHATI

B.Tech. - Computer Science & Engineering(AI)

Ph: +91-9111356303

Email: gaganbhati18171@gmail.com

Indore, Madhya Pradesh, India – 452010

BRIEF SUMMARY

A motivated B.Tech Computer Science (Artificial Intelligence) student with a solid foundation in programming and core computer science concepts. Actively developing skills in coding, problem-solving, and modern technologies, with a strong interest in Artificial Intelligence and software development. Passionate about continuous learning and eager to apply theoretical knowledge through practical projects, internships, and hands-on experience in real-world environments.

KEY EXPERTISE

Python, C ,HTML

CSS, MYSQL, GIT/GITHUB, Operating Systems(Basics), Computer Networks(Basics), Canva.

Education Detail

Shri Vaishnav Vidhyapeeth Vishwavidyalaya,Indore
Bachelor of Technology (B.Tech), Computer Science & Engineering with specialization in AI.
CGPA: 8.24 / 10 (Till 5th Semester)| *2023 – 2027*

Dashpur Vidyalaya, Mandsaur, MP (CBSE)
Class XII (Senior Secondary)| 2021-2022
Percentage: 77.00%

Saraswati Vidhya Mandir HR SEC School, Mandsaur, MP (CBSE)
Class X (Secondary)| 2019-2020
Percentage: 73.80%

AWARDS AND SCHOLARSHIPS

- Selected at College Level for Smart India Hackathon (SIH) as part of a team project submission.
- Awarded Academic Excellence Recognition for outstanding performance in Class X and Class XII under a community-based merit scholarship program.

INTERSHIPS/ TRAINING/ ACADEMIC EXPOSURE

• Gained hands-on academic exposure to software development fundamentals through coursework and practical lab sessions.

• Worked with Git and GitHub for version control and basic project management.

• Applied MySQL (Basic) for database-related academic assignments.

• Studied core concepts of Operating Systems and Computer Networks as part of the undergraduate curriculum.

• Created structured technical and academic presentations using Canva.

Projects

CyberPulse Scanner **NOV-2025**

Team Size: 4

- Designed and developed a web-based vulnerability scanning tool to identify potential security risks in websites.
- Implemented simulated and basic real-scan modes with a strong focus on ethical and safe security testing practices.
- The project aimed to improve awareness of common web vulnerabilities and promote responsible cybersecurity practices.

Key Skills: Web Security Basics, Cybersecurity Concepts, Team Collaboration.

React E-Commerce Application (E-Cart) **OCT-2025**

Team Size: 4

- Developed a responsive and interactive e-commerce web application using React.js.
- Implemented core features such as product listing, add-to-cart functionality, and checkout flow.
- Applied React concepts including components, props, state management, event handling, and routing.

Key Skills: React.js, JavaScript, Frontend Development, UI Design.

Plastic Waste Recyclability Detection Model (SIH Concept Project) **SEPT-2025**

Team Size: 4

- Worked on the concept and initial development of an AI-based image classification model to identify whether plastic waste is recyclable or non-recyclable using image input.
- The project aimed to enable users to capture images of plastic items and determine recyclability, supporting waste collection and recycling workflows.
- Developed as part of a Smart India Hackathon (SIH) project submission and remained at a prototype/concept stage.

Key Skills: Artificial Intelligence Concepts, Image Classification Basics, Problem Analysis, Teamwork.

Achivements

• Selected as a team member for Smart India Hackathon (SIH) at the college level for proposing innovative technology-driven solutions.

• Successfully designed and contributed to multiple academic and team-based projects in cybersecurity, web development, and artificial intelligence domains.

• Completed several industry-recognized certifications from platforms such as IBM Skills Network and NPTEL, demonstrating continuous learning beyond the academic curriculum.

• Maintained consistent academic performance with a CGPA of 8.24 till the 5th semester.

• Actively building a professional presence on LinkedIn and X by sharing learnings, project updates, and technical insights related to computer science and emerging technologies.

• Recognized for active participation in cultural, technical, and academic activities, reflecting strong communication skills, teamwork, and adaptability.

Assessment and Certification

- **Introduction to Internet of Things**
  Issued by :NPTEL (Jan–Apr 2025)
  – Studied IoT fundamentals, device connectivity, sensors, and real-world IoT applications.

- **Cloud Computing**
  Issued by NPTEL (Jan–Apr 2025)
  – Learned fundamental cloud concepts including service models, virtualization, and cloud infrastructure basics.

- **SQL for Analyst: Query Your Way to Insights**
  Issued by DevTown (July 2025)
  – Developed basic SQL querying skills for data analysis and extracting insights from structured data.

- **Technovate 3.0 – AI Concepts (AI0109EN)**
  Issued by IBM Skills Network in collaboration with Shri Vaishnav Vidyapeeth Vishwavidyalaya (May 2025)
  – Learned core concepts of Artificial Intelligence including problem-solving approaches and real-world applications.

- **Rapid Application Development**
  Issued by IBM Skills Network
  – Gained introductory exposure to rapid development approaches and modern application design practices.

- **Business Intelligence Fundamentals**
  Issued by IBM Skills Network
  – Learned the basics of data-driven decision making and business intelligence concepts

EXTRA CURRICULAR ACTIVITIES

- Actively participated in cultural programs and stage performances, including dance events at school and college level, demonstrating confidence, discipline, and teamwork.
- Volunteered in various academic and cultural programs, supporting event coordination, student engagement, and smooth execution of activities.
- Hosted and anchored multiple school-level programs and events, showcasing strong public speaking, presentation, and audience engagement skills.
- Delivered numerous technical and academic presentations on diverse topics as part of coursework and team projects, strengthening communication and explanation abilities.
- Participated in technical and non-technical events, reflecting a balanced academic profile and a proactive approach to personal development.

PERSONAL INTERESTS / HOBBIES

- Dancing and music appreciation, reflecting creativity, discipline, and self-expression.
- Traveling and exploring new places, fostering adaptability, cultural awareness, and open-mindedness.
- Creating and delivering presentations on technical and general topics, enhancing communication and storytelling skills.
- Exploring emerging technologies and real-world problem statements through online learning and self-study.
- Sharing learning experiences and project insights on professional platforms such as LinkedIn and X.

PERSONAL DETAILS

- Gender: Male
- Date of Birth: 8th March 2005
- Languages Known: English, Hindi
- Contact Number: +91 9111356303
- Strengths: Self-motivated and adaptable individual with a strong sense of responsibility, a positive learning attitude, and the ability to work effectively in both independent and team-based environments.
- Current Address: 8/18, Scheme 54 Vijay Nagar, Indore, Madhya Pradesh – 452010, India

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief. I bear the responsibility for the correctness of the above-mentioned particulars.
